

A dramatic landscape featuring a dark blue sea in the foreground, a teal and purple sky in the background, and a white diagonal line running from the top left towards the bottom center. A bright light source is visible on the horizon, creating a shimmering reflection on the water.

See you next year in Sochi, Russia!

September 9-15, 2019 @

SIN 2019

Southern Federal University

- The University was founded in 2006 as one of the two first Federal Universities in Russia by merging three universities in Rostov-on-Don and one university in Taganrog
 - 36 000 students
 - 4 000 faculty and staff
- Taganrog campus facilities focus mainly on engineering education (radio-engineering, electronics, computer science, etc.)
- Institute of Computing Technologies and Information Security
 - Dept. of IT-Security
 - South-Russian Regional Center for IT-Security
- We take part in organization of SINconf since 2009
