Call for Paper
17th International Conference on Security of Information and Networks (SIN 2024) www.sinconf.org December 2-4, 2024
University of Technology Sydney, Australia (Host)
Hasan Kalyoncu University, Gaziantep, Türkiye

About SIN 2024

The 17th International Conference on Security of Information and Networks (SIN-2024) provides an excellent international forum for sharing knowledge and results in theory, methodology, and applications of Security in information and networks. Papers, special sessions, tutorials, and workshops addressing all aspects and issues of security in information and networks are being pursued. The conference invites significant contributions from researchers and industrial working of developing cryptographic algorithms, security schemes, cryptanalysis, application security, system security, cloud security, IoT security, and network security. The conference aims to provide a platform for researchers and practitioners from academia and industry to meet and share cutting-edge advancements in information and network security.

Topics of Interest

Authors are solicited to contribute to the conference by submitting articles that illustrate research results, project outputs, surveys, and industrial experiences that describe significant advances in the following areas, but are not limited to:

<table>
<thead>
<tr>
<th>Network Defence</th>
<th>Tools and development platforms</th>
</tr>
</thead>
<tbody>
<tr>
<td>Malware Analysis</td>
<td>Security and privacy in social networks</td>
</tr>
<tr>
<td>Security in space science</td>
<td>Key management and distribution</td>
</tr>
<tr>
<td>Security in Mobile and IoT devices</td>
<td>Security in embedded systems and IoT</td>
</tr>
<tr>
<td>Cloud and system security</td>
<td>Security-aware software engineering</td>
</tr>
<tr>
<td>Web and application security</td>
<td>Security education and innovative curriculum</td>
</tr>
<tr>
<td>Security in biometric systems</td>
<td>Privacy and trust management</td>
</tr>
<tr>
<td>Symmetric and asymmetric key cryptography</td>
<td>Computational intelligence techniques in security</td>
</tr>
<tr>
<td>Vehicular and Intelligent System Security</td>
<td>Security in Embedded Systems</td>
</tr>
<tr>
<td>Security ontology, models, protocols &amp; policies</td>
<td>Standards, guidelines, and certification</td>
</tr>
<tr>
<td>Information assurance, security, and public policy</td>
<td>Interoperability, service levels, and quality issues</td>
</tr>
</tbody>
</table>

Hosted By

University of Technology Sydney, Sydney, Australia
**Partner Institutions**

Hasan Kalyoncu University, Türkiye  
CES-Lab, Tunisia  
Edinburgh Napier University, United Kingdom  
Indian Institute of Technology, Jammu, India  
Istanbul Technical University, Turkey  
Macquarie University, Australia

**Proposal/Paper Submission**

Authors are invited to submit papers of no more than 8 pages in double-column format using the standard IEEE PES Conference template at https://www.ieee.org/conferences/publishing/templates.html. The papers must clearly state the objectives of the work, its significance in advancing the state of the art, and the methods and specific results in sufficient detail. The submission should include appropriate key equations, figures, tables, and references. Papers not conforming to these requirements will be rejected without review.

- All submissions will go through a single-blind peer review process to ensure confidentiality and fair review.
- Submissions should be made via EDAS at https://edas.info/index.php?c=32404.
- Presented papers will be submitted to IEEE Xplore for publication.

**Important Dates:**

Submission site opens: 20th April 2024  
Full Paper Submission Due: 30th June 2024  
Author Notification: 31st August 2024  
Final Camera-ready submission: 25th September 2024  
Conference: 2-4 December 2024

**Conference Committee**

**Conference Chairs:**

Priyadarsi Nanda, University of Technology Sydney, Australia  
Atilla Elci, Hasan Kalyoncu University, Türkiye

**Conference Co-Chairs:**

Sushmita Ruj, University of New South Wales, Australia  
Manoj S. Gaur, Indian Institute of Technology, Jammu, India

**Program Chairs:**
Eryk Dutkiewicz, University of Technology Sydney, Australia

Arun Somani, Iowa State University, USA

Program Co-Chairs:

Manoranjan Mohanty, University of Technology Sydney, Australia

Yoshikazu Miyanaga, Chitose Institute of Science and Technology, Japan

Hoang Dinh, University of Technology Sydney, Australia

Advisory Committee

Erol Gelenbe, Polish Academy of Sciences & Univ. Cote d’Azur & Cognitive Networks Ltd, UK

Imed Romdhani, Edinburgh Napier University, UK.

Anis Koubaa, Prince Sultan University, KSA.

Faouzi Zarai, ENET’Com, Tunisia.

Bart Preneel, Katholieke Universiteit Leuven, Belgium

Bülent Örencik, Beykent University, Turkey

Cetin Kaya Koc, University of California Santa Barbara, USA

Edward Dawson, Queensland University of Technology, Australia

Elisa Bertino, Purdue University, USA

N. Balakrishnan, IISc Bangalore, India

Willy Susilo, University of Wollongong, Australia

Alexander Shelupanov, Tomsk State University for Control Systems and Radio Electronics, Russia
